

CATERHAM RACE SERIES UPGRADES – 2005

PRELIMINARY ISSUE

This price list is based on the 2004 upgrades and is subject to change, subsequent to adjustments to the final specifications for the 2005 championships – which at this date remain in review.

As part of our commitment to Caterham racing, Caterham Cars offer a number of discounted packages to upgrade existing race cars to the specification required for alternative series. These prices are only available to registered Caterham racers, include all applicable discounts, and are exclusive of VAT.

Minimum Upgrade Packages

There are a minimum number of parts required to upgrade from one series to another. The package requirement can be identified from the table below.
