Spa

Hope everyone really enjoyed themselves at Spa last weekend – the weather was pretty kind to us and the racing was exciting, so it looked pretty good from trackside and was, I'm sure, a lot more fun behind the wheel.

Attached are the official Eurocup results from Spa and also the championship points table.

Worth pointing out that there are a lot of pictures from the weekend now posted at www.imagevaults.co.uk/caterham You may download high-res versions of the shots from here and get your own prints made, if you wish...

There were a number of teething problems at Spa which we hope to iron out in time for Zandvoort. For example, the imposition of harsh penalties without warning – we can't promise there will be no more harsh penalties, but we can at least make sure that all drivers are warned

beforehand. We'll also endeavour to make sure that the driver briefings are held at a slightly friendlier time.

If any drivers or teams have points they wish to raise, or improvements they would like to see made, please let us know.

Zandvoort

I hope soon to have a proper timetable for this event so that we can all plan our journeys. I'm very much hoping that qualifying and the two races will take place on the Friday/Saturday, as last year. More news as soon as we have some...

Entries for Zandvoort close officially on 28 June but it would be helpful to have an indication by the end of this month if you are a 'possible' for the entry list.

Wet tyres

There were some difficulties at Spa with regard to the supply of wet tyres for Roadsport competitors.

As most of you seem entirely happy to run on the A032Rs rain or shine, it would seem logical therefore to amend our regulations (for Roadsport only) to make A032R our wet or dry weather tyre. If anyone has a problem with this, then please let me know.

All for now...

Nick Carter
